

Update from **CENTENNIAL PLACE** Downtown Redwood City

See our progress! ▼

Dear

We expected to open in February but have had a couple of delays. As you can see from these photos, we are making great progress and expect to now open in late March/early April.

I will keep you posted by email and we will make regular updates on [Facebook](#), [Instagram](#) & [centennialplacehomes.com](#).

Centennial Place is worth the wait!! Here's why:

- A new kind of home – fully detached single-family condos
- Modern style – crisp, clean, and bright
- Privacy needed? 3 levels will assure that
- Who doesn't have a car? Private garage parking awaits
- Ok, maybe you don't have a car – it's just 3 blocks to Caltrain
- Hungry? Amazing array of restaurants literally just blocks away, oh, and movie theatres too!

Be sure you are pre-approved by one of our preferred lenders so you are ready to buy the minute we release homes. [Click here.](#)

Thanks for waiting with us! I look forward to meeting you!

Jerry
